

COS30045 Data Visualisation Project Reflection

Peer Evaluation Form

I would like to request a Project Interview: No Yes (delete not applicable option)

Project Interviews are conducted when student contributions to the project are judged to be significantly unbalanced.

Not to be shared with your Project partner.

Rate each member of your group on each of the aspects in the table according to the following rating scale:

- 1 - did not contribute in this way
- 2 - willing, but not very successful
- 3 - average
- 4 - above average
- 5 – outstanding

General	Specific Aspect	Self	Team Member
Group Process	Attended a large majority of group meetings.	5	5
	Maintained regular contact with me across the semester.	5	5
	Contributed constructively to discussion.	5	5
	Generally co-operative in group activities.	5	5
	Encouraged and assisted me in completing required work.	5	5
The Group Product	Made a genuine attempt to complete all jobs agreed by the group.	5	5
	Made an intellectual contribution to the completion of the project.	5	5
	Did (at least) their fair share of the work.	5	5
	Read and commented in a timely manner on drafts of submitted work.	5	5
	Contributed a significant amount (measured in ideas as well as words) to the submitted work.	5	5
	Appears to have mastered the content for this project.	5	5
Overall	<i>This student's contribution overall (i.e., average rating).</i>	5	5

Assume that your group receives \$100 for your project. How would you divide this money among you and your partner based on the contribution to the project?	33%	33%
